

Friends of
West Ham Park

Friends of West Ham Park
Plant Nursery Site – Update Meeting
7.30pm Tuesday 29 March 2022

About Friends of West Ham Park

- ▶ The Friends of West Ham Park are a group of local residents who love and use the park regularly.
- ▶ We are independent of the park management and ownership.
- ▶ We were formed to help the local community gain the most benefit from the park through increased involvement in activities and making people aware of nature on their doorstep.

- ▶ We undertake voluntary activities including:

- ▶ Bat walks
- ▶ Litter picking
- ▶ Leaf pile
- ▶ Park in the dark
- ▶ Vegetable garden

**Park
in the Dark**

- ▶ Anyone can join, there is no cost, and we welcome new members.

Purpose of Meeting – Inform, Listen & Respond

The collage consists of several overlapping screenshots. At the top left is a news article from 'Newham Recorder' titled 'City of London defends West Ham Park homes proposal amid 'outrage'' by Jon King. To its right is another article titled 'Letter: Protect West Ham Park' under an 'OPINION' header. Below these is a screenshot of the 'HorticultureWeek' website with a navigation menu (Home, Jobs, News, Plants, Plant Health, Kit, Events, Care) and a sub-menu (Email Bulletins, RSS Newsfeeds, Contract News, Comment). The main headline on the website is 'Friends of West Ham Park oppose development plans'. Below the website screenshot is a public notice titled 'A Public Notice for the purposes of Section 121(2) of The Charities Act 2011' from the Trustee of West Ham Park, detailing the proposal to sell part of the nursery site.

- ▶ **INFORM** you of the details of the proposed residential flats development of the plant nursery within West Ham Park - as we best understand it.
- ▶ **LISTEN** to what you think.
- ▶ **RESPOND** in a thought-out, coordinated manner to maximise affect.

Overview

Friends of
West Ham Park

Source: 2019 Corporation of
London Public Meeting 19 Dec 19

- ▶ Substantial plant nursery and greenhouse area.
- ▶ Previously supplied plants for use by the City of London.
- ▶ Shut down several years ago as it was deemed by the Corporation of London to be no longer economically viable.
- ▶ Sits within Grade 2 listed park.
- ▶ Plan of Corporation of London to develop approximately half of the nursery into large residential blocks of flats.

Misconceptions / Fake News?

“The nursery site is not part of West Ham Park.”

INCORRECT

The nursery site sits within the park based on the official HM Land Registry deeds and Historic England's Grade II register, where the nursery site is specifically mentioned.

“The nursery site has never been open to the public.”

INCORRECT

The nursery site has approximately trebled in the 20th century primarily expanding into previously publicly accessible parkland based on official Ordnance Survey maps.

“The nursery site is a brownfield site.”

INCORRECT

The nursery site is not a registered brownfield site according to the official Newham Brownfield Register.

Need for Housing in Newham

- ▶ Clearly a need for more housing in Newham.
- ▶ However, should it be at the expense of parkland?
 - ▶ Newham has the lowest proportion of public open space per person in London. This situation has been highlighted during the pandemic.
 - ▶ Busiest corner of park that being developed.
 - ▶ Affordable / social housing does not appear to be part of the plan.
 - ▶ Once parkland is developed it is lost forever.

History of the Park

Kitchen garden of Ham
House now nursery site

Map 1869

Cedar House residence of Elizabeth
Fry, Victorian social reformer, now
Territorial Army base

Ham House now part of
Ornamental Garden

- ▶ West Ham Park is a 77-acre Grade 2 listed green oasis in East London.
- ▶ Previously the private park for Ham House which was owned by the Gurney family who founded a bank which was later merged into Barclays.
- ▶ The Park was purchased, at a below market price, in 1874 from John Gurney provided that it was to be held on trust forever:
“...as open public grounds and gardens for the resort and recreation of adults and as playgrounds for children and youth”
- ▶ A significant portion of the monies to purchase the Park was raised from local public donations.
- ▶ The West Ham Park Charity is constituted as a charitable trust with the City of London Corporation as the corporate trustee.

History of the Nursery Site

- ▶ Although public do not currently have access the site has never been developed and remains as green open space comprising plant beds, greenhouses and sheds.
- ▶ Approximately trebled in size over the 20th Century most significantly to the South. Most of the additional areas consumed into the Nursery appear to have had full public access previously.
- ▶ Always part of the Park and is within the boundaries of the Park as recorded at the HM Land Registry and is included within the areas subject to the Grade 2 listing at Historic England.
- ▶ Corporation of London has not maintained the site for the last 6 years allowing it to become derelict and dangerous possibly to strengthen their position that it is a problem site that needs development.

Current

Proposed Development *as presented in 2019*

- ▶ After significant pressure from Friends of West Ham Park members and other stakeholders the Corporation of London revealed their already selected plan for the nursery site in a public meeting on 11 December 2019.
- ▶ Three options had already been considered and decided on by the Corporation of London:
 - ▶ Return to parkland
 - ▶ High density – all residential blocks of flats
 - ▶ Medium density – approx. half parkland / half residential blocks of flats – **SELECTED OPTION IN 2019**
- ▶ Due to Public Notice made in March 2022 it is now unclear what their plans are.

Return to parkland

“High” density

“Medium” density

London in 2019

Public Notice – March 2022

A Public Notice for the purposes of Section 121(2) of The Charities Act 2011

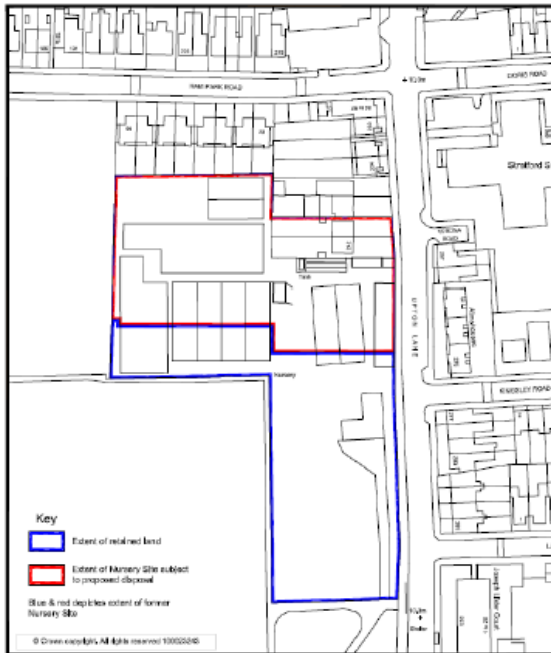

The Trustee of West Ham Park (charity registration number 206948) (the "Charity") gives notice that the Charity proposes to sell part of the site known as the West Ham Park Nursery Site which is owned by the Charity as shown edged red on the plan at the bottom of this notice by way of the grant of a lease for a term of 999 years for a premium and the upgrade and improvement of facilities at the park.

The Trustee of the Charity has marketed the property using national marketing with an advertisement in the Estates Gazette published on the 10th July 2021 and otherwise marketed the Property in line with advice from its appointed agent (Savills).

Any representations or comments in relation to the proposed transaction should be sent for consideration to the following address by no later than 16th April 2022 for:

The Trustee of West Ham Park c/o Savills, 33 Margaret Street, London, W1G 0JD For the attention of Alex Soskin (alex.soskin@Savills.com) and Hugh Bushell (hbushell@Savills.com).

Dated: 16th March 2022

- ▶ Public Notice currently at the entrance of the Park and in the Newham Recorder.

- ▶ Charities Act 2011 Section 121(2):

“(2)The land must not be conveyed, transferred, leased or otherwise disposed of unless the charity trustees have before the relevant time—

(a)given public notice of the proposed disposition, inviting representations to be made to them within a time specified in the notice, which must be not less than one month from the date of the notice, and

(b)taken into consideration any representations made to them within that time about the proposed disposition.”

- ▶ What it tells us:

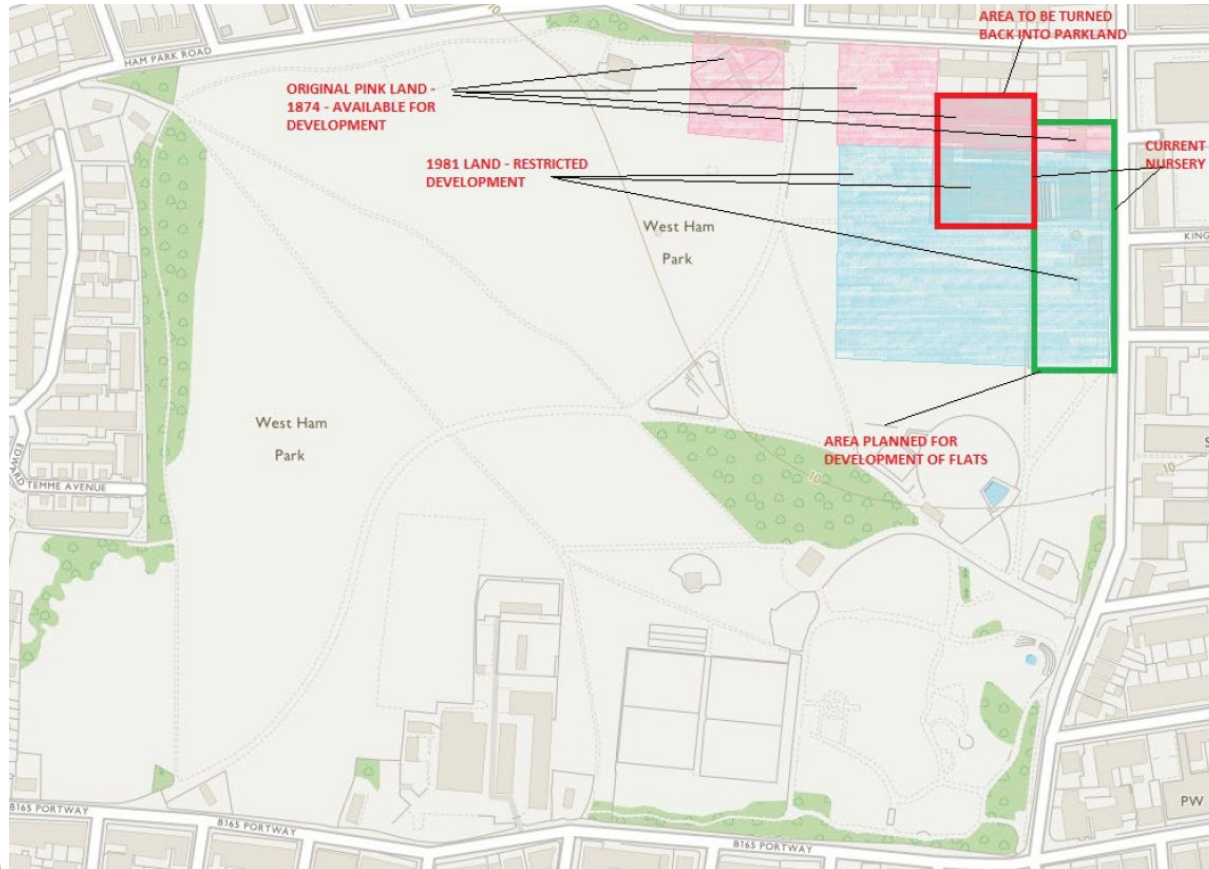

- ▶ That the red area is in effect for sale (999 year lease) and going through Charity Act procedure to affect this.

- ▶ What it does not say is:

- ▶ What land will be used for.
- ▶ How will it benefit the Park.
- ▶ What happens with the blue area of the nursery site.

- ▶ The Public Notice is not a real consultation – we need your help to fight this.

Charity Commission Governance

- ▶ West Ham Park Charity governed by two primary documents.
 - ▶ 1874 Indenture – original charity document
 - ▶ 1981 Scheme – amendment of original charity document
- ▶ Pink areas defined in 1874 Indenture potentially allows development of buildings. Some areas previously pink in the North-East were developed in c.1880's.
- ▶ Blue areas defined in 1981 Scheme to regularize the incorrect use of parkland as a non-public nursery site.
- ▶ Blue areas "...used as land whereon the Trustee of the Charity may effect developments, as in its discretion it considers would **enhance the enjoyment of the Park...by the beneficiaries...such as nurseries and glasshouse**"
- ▶ Through correspondence with the Charity Commission, it appears it has accepted the Corporation of London view, allowing the development to progress to the next stage as:
 - ▶ "...enhance the enjoyment..." can mean via an indirect manner by generating income that then can be used to provide enhancement.
 - ▶ Appears to have been accepted without any commitment to maintain current funding. Giving the opportunity to over time to reduce funding from the Corporation of London.
 - ▶ Definition that "...nurseries and greenhouses..." can be also be extended to residential housing.
 - ▶ These decisions by the Charity Commission may have inadvertently opened large additional areas of parkland to development.
- ▶ We have and will continue to object to the Charity Commission's incomprehensible interpretation of the documents.

Corporation of London's – Possible Next Steps

Friends of
West Ham Park

Possible surveyors inspecting nursery site –
summer 2021

- ▶ Difficult to know exactly what the planned next stage is by the Corporation of London as they have deliberately tried to be as opaque on information as possible – excluding members of the public where the plans are discussed and refusing Freedom of Information requests.
- ▶ However, it appears that the Charity Commission process may have completed or be close to completing.
- ▶ Soft market testing exercise to developers commenced in summer 2021, undertaken by Savills.
- ▶ We believe that dependent on the outcome of marketing exercise planning permission process may start as early as April 2022.
- ▶ Believe that planning permission will fall under the jurisdiction of Newham Council.

Suggested Alternative Uses by FWHP

Time to Start a Campaign

- ▶ Previously “keep our powder dry” approach. Focus on understanding the situation, listening to stakeholders and building allies. With the Public Notice that time has now passed – we need to now start a campaign.

- ▶ We are now working very closely with several leading conservation campaign groups – specifically Campaign for Protection of Rural England (London Branch):
 - ▶ Thought out campaign.
 - ▶ Co-ordinated campaign.
 - ▶ Maximise effect of campaign.

- ▶ We are asking for you to email (or write) in response to the Public Notice now. There will be further requests / actions later.
 - ▶ We will send an email with detailed instructions to all the email addresses that requested to attend this meeting.
 - ▶ Please do immediately – there is very little time here. We would like all responses in by Sunday 10 April 2022.
 - ▶ Send to the emails in the notice plus the West Ham Park Committee & send a copy to Friends of West Ham Park.
 - ▶ We want the emails to be personalized but with some common themes and will provide some suggested points / language. Please no derogatory or abusive language!
 - ▶ Objection to the sale of parkland and reasons for the objections.
 - ▶ Objection to the deliberate opaque Public Notice and that not in the spirit of the law or best practice for public consultations or what the Corporation of London has previously stated it would carry out.
